Frost Proof Cabbage Plants.

P. D. FULWOOD

HIGH GRADE PLANTS

TIFTON, - - - - GEORGIA.

Frost Proof Cabbage Plants in Any
Quantity My Specialty.

D. N. Shoemaker

TO MY FRIENDS AND CUSTOMERS:

In presenting this 1927 catalog, I wish to extend thanks to you for your patronage, and all orders that you may send me in the future will have my personal attention and will be filled with promptness and dispatch, weather permitting. The fact that each succeeding season finds me with double the customers on my books proves that my plants are giving perfect satisfaction. This year, 1927, I have about thirty million fine, cold-hardened plants ready to ship and, weather permitting, I can ship your order the day it is received. My plants are better and hardier this season than ever before. Send in your order now; you will be surprised how quick you will get your shipment of first-class frost-proof plants.

TERMS

My terms are cash with each order. No plants shipped C. O. D. While I always do all I can to deliver all plants promptly, they are sometimes delayed in transit or lost through no fault of mine. If you do not hear from me in a few days after sending in your order, write me, stating the date you mailed your order and amount sent, together with a list of what you ordered. If your plants should arrive in bad order, pick out the good ones and advise me of the shortage and this will be made good at once.

Make all orders payable to P. D. Fulwood, and remit by postal money order, express money order, registered letter, or personal check. Do not send stamps.

P. D. FULWOOD, Tifton, Ga.

PACKING

All of my plants are tied in bunches of 50. Packed by experienced help, in the lightest crates possible. I have shipped plants successfully to all the Southern States, Western States, and most all of the Northern States and some places in Canada. Write your name, address and post-office plainly. You will be notified by mail the day your plants are shipped.

My Guarantee—I positively guarantee all plants grown by me to be exactly as described in this Price List; fresh, pure, genuine and carefully selected; and to arrive in first-class condition.

Please write below the names of Plant dealers or any other stores that handle garden and field seed and I will add extra plants to your order.

REMARKS:

FULWOOD'S CABBAGE PLANTS

ALL MY PLANTS ARE OPEN FIELD GROWN

In this section the soil and climate conditions are just suited for growing tough, hardy cabbage plants during the Winter and early Spring. The plants make a slow but steady growth, until at eight to ten weeks of age they are very tough and hardy. When in this condition they can be shipped to territory farther north and be planted in the open ground a month or six weeks sooner than the home-grown hot bed or cold frame plants. These Frost-Proof Cabbage Plants will stand a temperature of 20 degrees above zero without injury. The land freezing, or the plants being covered with ice, sleet or snow after they are planted will not injure them, providing temperature does not go below 20 degrees above zero.

The top of the plant does not grow until your regular Spring weather opens up, but the roots grow from the time they are planted, and just as soon as Spring weather starts the established root growth assimilates the fertilizer in the soil, and the plants grow very fast. You know what the difference in profits will be if your crop is matured and marketed before the general crop matures.

Shipments.

SWEET POTATO PLANTS

My Sweet Potato Plants and Seed Are
Certified Free From Disease
by Georgia State
Entomologist.

SWEET POTATO PLANT PRICES

By Express, Not Prepaid:

1,000 to 4,000 Plants @ \$2.50 per 1,000.
5,000 to 9,000 Plants @ \$2.25 per 1,000.
10,000 Plants and over @ \$2.00 per 1,000.

By Parcel Post, Postpaid:

500 Plants for	\$2.00
1,000 Plants for	\$3.00

FULWOOD'S SWEET POTATO PLANTS

Send me your order for Sweet Potato Plants or Slips as soon as possible. Tell me when you want them shipped and I will send them to you just when you want them, or as near that date as conditions will allow. I ship, from April until July, the finest plants grown.

PORTO RICOS AND BIG STEM JERSEYS

The Favorites of 80 Per Cent. of the Markets and Farmers.

SWEET POTATO SEED.

For those of my customers that wish to bed their own seed sweet potatoes and grow their own plants, I have several thousand bushels of selected seed of the Porto Rico and Big Stem Jersey varieties and can make shipments by freight or express, as desired, from January until the first of April.

Price of Seed: \$2.00 per bushel.

ONION PLANTS

Onion Plants are much better than sets, as they make larger onions and do not run to seed. They also keep when cured and stored. Ready January 1st to May 1st.

Onion Plants Same Price as Cabbage Plants.

Fulwood's Tomato Plants Have Strong Bodies and Roots.

TOMATO PLANTS

I ship more tomato plants than any grower in the plant business, shipping millions of them to canning factories all over the country, as well as to small gardeners and truckers.

Culture—Land for tomatoes should be high and well drained. Apply about a thousand pounds high grade fertilizer in the drill. Lay off the rows from four to five feet apart, and set the plants from three to four feet apart in the row. Tomatoes should be sprayed at least once with Bordeaux mixture.

VARIETIES:

Greater Baltimore and Livingston Globe.

TOMATO PLANT PRICES
